

# FINANCE & MANAGEMENT CONSULTANCY FAIR 2024

Friday 11 October  
12:00-16:00

Examination Schools  
OX1 4BG

Meet a wide range of recruiters, explore the opportunities available, and learn about what it takes to get into the finance and consultancy sectors.

[www.careers.ox.ac.uk/fmf](http://www.careers.ox.ac.uk/fmf)

# WELCOME TO THE FINANCE AND MANAGEMENT CONSULTANCY FAIR

The Finance and Management Consultancy Fair is for Oxford University students, researchers and alumni who are considering a career in accounting, insurance, banking, investment management, quantitative trading, strategy, management consultancy, and beyond.

At the fair, participants can start planning their next career steps or focus their search, find full time jobs, graduate schemes, and internships, and network with top recruiters.

## Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask e.g., what are the pros and cons of their work? Or what tips can they give you to increase your chances of being selected for work experience or employment?
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

Read more on how to [make the most of a careers fair.](#)

## PRE-FAIR TALKS

---

### [Alumni @ the Finance and Management Consultancy Fair](#)

11:00 - 12:00, at the Examination Schools.

This satellite event will help alumni make the most of the fair, as well as opening discussions for general career guidance on topics such as CVs and networking.

### [Researchers @ the Finance and Management Consultancy Fair](#)

11:15-12:00, Examination Schools

This pre-fair session looks at ways to engage with companies of interest at the fair, with a focus on how to present the skills gained through your research training to non-academic employers.

### [Securing a Career in Consulting: How to ace the application process](#)

11:30 - 12:00, Examination Schools

In this talk, Newton consultants will equip you with essential insights and techniques to excel in the competitive consulting application process. We will delve into effective strategies for tackling estimation questions, case studies, and numerical tests.

Additionally, you'll receive invaluable interview tips to help you stand out. Join us to gain a comprehensive understanding of what it takes to succeed in a consulting application process and start your journey to securing a role in the field with confidence.

# Advancy Consulting

---

Located in Paris, Shanghai, Singapore, London, New-York, Frankfurt, Boston, Sao Paulo and Sydney, Advancy has 230 consultants who tackle the challenges of growth and differentiation faced by major corporations every day.

Advancy works on high-stake issues in partnership with the C-Suite of multinational corporations, with implications spanning across strategy, marketing & sales, organisational structure, and operations. Advancy partners with leading players across three industry domains: Industry (Chemicals, Building Materials, Automotive), B2C (Retail, Consumer Goods, Luxury) and Travel & Leisure.

Find out more at: <https://advancy.recruitee.com/>

**CONSULTING**

# AlphaSights

---

We bring together some of the most ambitious people from around the globe to work with the leading investment funds, strategy consultancies and Fortune 500 companies. Together, we help our clients access expert knowledge, elevate their decision-making and drive progress by connecting them with niche experts across the world.

Founded in 2008, our journey has been nothing short of extraordinary. With 1500+ professionals in nine cities worldwide, we've firmly earned our place as a leader in our market and one of the fastest-growing companies in the world. Our relentless pursuit of excellence means we only hire the best and brightest graduates to help us reach new heights.

## Springboard your career with us if:

- You thrive in a fast-paced, results-oriented environment.
- You possess a client-first mindset.
- You excel under pressure and enjoy working to tight deadlines.
- You are gritty, resilient and ready to roll up your sleeves and make things happen.

Find out more at: <https://www.alphasights.com/careers/open-roles/>

**CONSULTING**

## Alta Advisers

---

Alta oversees a long-term oriented portfolio that aims to generate attractive risk-adjusted returns. Given our clients' multi-decade time horizon, the portfolio has an equity bias to achieve high returns and includes public equities, leveraged buyouts, venture capital, real estate, and hedge funds.

Within each asset class, we partner with world-class investment managers that are experts in their fields. We can access the most knowledgeable investment groups, perform detailed and differentiated fundamental research, and form independent and fact-based investment judgements.

During the six week internship programme you will gain hands on experience and insights into the role and responsibilities of an investment analyst. You will meet with leading investment funds across asset classes and will shape new investment themes by conducting an independent research project and presenting your findings to Alta's senior team.

Please apply via <https://altaadvisers.app.candidats.io/roles>.

If you have any questions prior to submitting an application, please email [cv@altaadvisers.co.uk](mailto:cv@altaadvisers.co.uk).

# Alta

Find out more at: <https://altaadvisers.app.candidats.io/roles>

**FINANCE**

# Altman Solon

---

At Altman Solon, a global strategy consulting firm, you can make a positive impact from the very start of your career. Our industry focus means you'll immediately become a recognized expert in the **exciting telecommunications, media, and technology industries**. We offer access to top clients, fascinating projects across six continents, dynamic growth, collaborative colleagues, and opportunities for personal growth.

**CONSULTING**

# Analysys Mason

---

**We are Analysys Mason – the world-leading management consultancy firm focusing on telecoms, media and technology (TMT).**

We specialise in making sense of the industry's challenges and opportunities, helping our clients around the world to make critical business decisions. Our consultants and analysts are based in 17 offices across 13 countries, taking on work in over 140 countries, making us a truly global company.

Our graduate consultants have an important role in all of our projects. By joining Analysys Mason, you will work on a diverse mix of international projects with the best-known brands in the industry, applying our deep domain expertise and methodology to solve complex business issues.

To join us, you do not need a specific academic background; as long as you have a highly analytical mindset and a can-do attitude, we can offer exciting opportunities to meet your career goals.

At Analysys Mason our values are:

- **Excellence:** We are passionate and aspire to be the industry benchmark.
- **Partnership:** We are one team, and we inspire, motivate and coach each other.
- **Innovation:** We are problem-solvers and we don't shy away from a challenge.
- **Integrity:** We treat people with dignity and respect.
- **Empowerment:** We motivate, inspire and train our people to be the best they can be.

Our culture is collaborative and team-oriented, and you will have an impact on project delivery from an early stage, which will provide a steep learning curve and a structured career progression. In our small project teams, you will regularly get direct exposure to our world-class TMT experts and you will receive hands-on mentoring from experienced members of the team, including our Partners.

**FINANCE**

# Cairneagle

---

Cairneagle is a strategy consulting firm focused on education with deep sector expertise. Our consultants create innovative solutions for our clients in the UK and internationally (educational institutions, education products and services suppliers, and investors) that drive competitive advantage in delivering their educational mission.

At Cairneagle, we value diversity and the impact a positive culture can have. Our team consists of individuals with different academic, professional and national backgrounds, with the typical traits being outstanding analytical skills, intellectual curiosity, and an ability to get things done. Moreover, everyone's contributions and opinions are valued, and our people are encouraged to take an active role in broader aspects of the business, while regular team socials, project dinners and team-building activities forge relationships and boost productivity.

## Vacancy Description

As a new consultant, you will deliver projects as part of a wider team of more experienced consultants, undertake research and analysis into our client's business challenges and markets, receive first-class training with a growing community of talented professionals and contribute to the success of our business from day one. You will be responsible for preparing presentations and reports, building models and supporting client meetings. Working in small teams led by one of our partners, you will gain experience across the entire consulting lifecycle, from business development to helping prepare client deliverables.

Find out more at: <https://www.cairneagle.com/work-with-us/>

**CONSULTING**

# Candesic

---

Candesic is a leading specialist healthcare, pharma & life sciences and medtech management consulting firm. Our consulting services include strategy, vendor / commercial due diligence, digital and M&A/growth.

We work with global private equity funds and other private investors, as well as their portfolio companies, healthcare corporates and public sector organisations such as the NHS. Since our foundation in 2002, we have completed over 700 consulting assignments across Europe, the Middle East, the Americas and Australia.

Our professional team combines deep strategic, medical and scientific expertise, allowing us to deliver a unique value proposition to our clients: CEO level clarity with R&D level insight.

Find out more at: <http://www.candesic.com/>

**CONSULTING**

## Capital One UK

---

We're on a mission: to change the world of credit for better - one good thing at a time. You might think of us as a credit card company, but we're just as much a technology business. And we're here to make a positive difference - to our customers, colleagues and society as a whole.

Join us and you'll get to make a real and valued contribution to wide-ranging projects that have a meaningful impact on people's lives. You'll get great training and, as new doors open, they'll be no limits to what you can achieve. Just look at our CEO, Lucy Hagues, who started out on our Graduate Programme and now leads the UK business.

## Charles River Associates

---

Charles River Associates is a leading global consulting firm that provides economic, financial, and business management expertise to major law firms, corporations, and governments around the world. CRA advises clients on economic and financial matters pertaining to litigation and regulatory proceedings and guides corporations through critical business strategy and performance-related issues. Since 1965, clients have engaged CRA for its combination of industry experience and rigorous, fact-based analysis that provides clients with clear, implementable solutions to complex business concerns.

Find out more at: <https://www.crai.com/>

**CONSULTING**

# Chartwell Consulting

---

Chartwell is a rapidly growing Operations Consulting firm combining structured methodology, client engagement and problem solving to consistently deliver 20-50% increase in manufacturing performance within 3-9 months.

## **A different kind of Consultancy**

Hidden Opportunity is in every organisation – we help them obtain it. We specialise in the manufacturing sector, working daily onsite with teams comprising all levels of an organisation to overcome the hardest challenges facing industry. Our knowledge and experience are derived from over 300 projects, yet we constantly seek to develop and improve. Chartwell is a results-based organisation focused on actions and delivery, not content with simply leaving behind a report. We are proud of our ‘no results, no fee’ guarantee.

## **Accelerate your career**

Chartwell delivers projects across the globe with our growing teams in London, Berlin and Boston. We are not industry specific, applying our principles and techniques to a wide range of client situations including pharmaceuticals, automotives, food & beverage, and chemicals. Within your first few weeks you will be leading your own client team to drive improvement and deliver lasting impact onsite. Within a few years, you will have responsibility for delivering entire projects. Most importantly, we believe in the potential of every Chartwell Consultant to become a Partner and have built a business model that supports this.

## **We want you to be different. Because so are we**

We are looking for people who are talented technical problem solvers, leaders, and well-rounded communicators who love working in challenging and fast-paced working environments. We are a fast-growing business, offering the opportunity to mould and shape Chartwell through internal structures and responsibilities.

Find out more at: <https://www.chartwell-consulting.com/careers/>

**CONSULTING**

# Chicago Trading Company

---

CTC is a cutting-edge proprietary trading firm with a long-term vision and a clear focus on helping the world price and manage risk. Our fun and trusting culture inspires us to solve the industry's most challenging problems and take calculated risks in a collaborative environment.

We strive to be the most innovative firm in the industry today, tomorrow, and long into the future while upholding ethical excellence. We believe that CTC makes a positive impact on the markets, the lives of our employees, and all the communities to which we belong. Started in 1995 by a team of forward-thinking Traders, we are proud to call ourselves an industry leader that keeps making markets and each other better.

## Experience our Culture

As an intern you will be fully immersed in CTC's collaborative and team-oriented culture. You will receive lots of support in your learning and development through one-on-one mentorship from your manager and team members.

## Education

Learn from our world class Education team by participating in three classroom learning experiences including a week-long Basics of Options class, a series of trading simulations in our Introduction to Options Market Making class, and our Quant Curriculum to learn the facets of the quant knowledge base that are close to the intersection of trading, quant, and technology's spheres of responsibility.

## CIL Management Consultants

---

Looking for a fast-paced career in strategy consulting? Applications are now open for Analyst roles at CIL Management Consultants.

CIL is an international management consultancy that helps clients to grow their businesses, build value and invest wisely. Most of our engagements involve an M&A element, primarily to advise private equity firms who are looking to invest in high growth businesses. Increasingly, we follow these engagements with strategy work to help investors and management teams make the most of the growth opportunities available to their businesses.

Although we work in structured project teams, we are socially very equal, lively and inclusive – we work in open-plan offices and our ‘culture’ is the product of our people. As an Analyst you will be an integral part of our project teams and will get to collect and interrogate primary and secondary research, refine hypotheses with the rest of the team and draft output for inclusion in our reports.

To apply please visit our careers page: <https://cil.com/careers/openroles>

**CONSULTING**

## Compass Lexicon

---

We are one of the world's leading economic consulting firms. We strive to recruit and develop talented people to work together to produce meaningful economic analysis of exceptional quality, and to create a positive impact on our clients and society.

Our European Competition Practice provides expert economic advice on competition policy, economic and financial regulation, public policy and the assessment of damages in complex disputes. We are looking to hire economists to help us to provide advice to our clients on some of the most high-profile cases before the European Commission, the General Court and national competition authorities, regulators and courts.

We believe that working in diverse teams, where everybody's views are considered and respected, helps us to deliver work of the highest standards of quality and integrity.

Find out more at: <https://www.compasslexecon.com/careers/>

**CONSULTING**

## Cornerstone Research

---

Cornerstone Research is a leading economic and financial consulting firm specializing in the analysis of complex economic, financial, accounting, and marketing issues that arise in the context of various kinds of litigation. For example, we may be asked to predict the effect of a merger of two major high-tech firms on prices and innovation, to determine the effect of unfavourable drug test results on the stock price of a leading pharmaceutical company, or to value a patent on smartphone technology that might have been infringed. We are recruiting for our full-time Analyst role and our Summer Analyst program.

The following is a quick introduction to our firm and culture:

- Cornerstone recruits students from all majors; we find that our most successful analysts have a demonstrated interest in research and desire to learn complex economic and financial concepts.
- Cornerstone works across industries including antitrust, healthcare, finance, intellectual property, and securities and has a generalist model that provides analysts with opportunities across sectors.
- Cornerstone maintains a positive work-life balance, supporting our diverse staff, with a strong analyst culture.

**CORNERSTONE

FINANCE

## d-fine

---

d-fine is a European consulting company with over 1,500 employees and a growing international presence with eleven offices distributed across seven countries. Our projects focus on quantitative challenges in data analytics, data science, modelling, and the development of sustainable technological solutions. Our approach is based on over 20 years of practical experience and dynamic teams with an analytical and technological focus.

Our tasks, projects, clients and working models are diverse. We work as a team on-site at the customer, together at one of our offices or remotely in virtual project rooms.

To expand our Consulting & Solutions teams, we are looking for students/graduates in physics, mathematics, computer science or natural sciences, engineering and economics with quantitative or technological specializations. You must have a very good academic record, be fluent in English and have a high mathematical and/or technological affinity. In addition to strong analytical skills and a results-oriented approach, we attach great importance to social competence. Collaboration and cooperation are part of our company philosophy and is reflected in our work structures, employee development and incentive schemes.

Joining d-fine is possible throughout the whole year at the beginning of each month. After our intensive onboarding program, which lasts several weeks, you will join a (project) team working for our customers.

Our aim is that you feel at home with us and are motivated for the long term. That is why we offer you, in addition to exciting tasks and projects, a collegial team, attractive career and salary model, as well as a wide range of additional benefits, such as our extensive training program as part of the d-fine Academy.

## DV Trading

---

Founded more than 15 years ago and headquartered in Chicago, the DV Group of financial services firms has grown to more than 350 people operating throughout North America and in Europe. Since spinning out of a large brokerage firm in 2016, DV Trading has rapidly scaled as an independent proprietary trading firm utilizing its own capital, trading strategies, and risk management methodologies to provide liquidity to worldwide financial markets and hedging opportunities to commodity producers and users. Now, DV group affiliates include two broker dealers, a cryptocurrency market making firm, and a burgeoning investment adviser.

DV Energy is a rapidly growing division that specializes in trading crude oil, refined products, natural gas, and related energy markets across US, Europe, and Asia. Our proprietary risk management and trading methodologies along with a strong ability to adapt to changing conditions has allowed DV Energy to grow into one of the largest financial participants within the global energy complex.

## Economic Insight

---

Since being founded in 2011, Economic Insight has grown rapidly in the economic consulting industry, and we advise on some of the most high-profile regulation and competition economics issues across a range of sectors. Examples of the type of work we do include: assessing what the efficient level of costs for a given level of output is for a natural monopoly, such as a regional water company; and quantifying damages resulting from breaches in competition law, such as cartels.

We are looking for first-rate economists who can solve real-world problems and communicate economic analyses to our clients in a clear and constructive way.

Our business grows by its people, and that is why we strive to give every team member the support they need to have a successful, fulfilling and happy career. We provide analysts with a four-week onboarding programme, covering all aspects of how we work. This gives you the best foundation to succeed in your new role.

Successful applicants will have a first-rate academic track record in economics from a top university, along with being creative, commercially aware, tenacious and enjoy tackling difficult challenges. We hire first-rate post-graduate economists, and also consider graduate economists with an exemplary track-record.

## Fairgrove Partners

---

Fairgrove Partners was founded to resolve strategic challenges for our clients, and to support mergers and acquisitions. We offer high-quality strategic advice to private equity funds, their portfolio companies, and corporate clients. Our work helps clients make complex, high-stakes decisions that have a direct impact on sales, investment, profitability and brand equity. Our advice is delivered direct to the board and often rapidly actioned by our clients, making our hard work all the more gratifying.

We are an ambitious, high-growth firm, with an informal, entrepreneurial culture and a close-knit team. You will have direct exposure to senior staff and clients from a very early stage, and will gain a huge variety of experience across multiple sectors, solving interesting strategic challenges on a daily basis. You will also have the opportunity to contribute to the day-to-day running and development of the firm. We offer competitive remuneration packages and have a busy social calendar.

Find out more at: <https://fairgrovepartners.com/>

**CONSULTING**

## First Actuarial

---

First Actuarial provides pension services for trustees and employers that put our clients' needs first. We bring expert advice and solutions tailored to every shape and size of pension scheme to our trustee and employer clients. We are a partnership with no external investors. All our partners work in the business, sharing their knowledge and expertise.

After 20 years of stellar growth we are looking to take on university graduates to join our growing talented Actuarial and Investment Consultancy teams to continue our journey. We have offices in locations around the UK: Leeds, Manchester, Basingstoke, Tonbridge and Peterborough.

In addition to a competitive salary, private medical and PHI insurance, and a non-contributory pension, you will:

- be fully supported in your training and development, to qualification through the Institute and Faculty of Actuaries exams or the CFA exams, and beyond
- enjoy an informal working environment and casual dress policy
- join a friendly and supportive team
- be given autonomy and responsibility so you can concentrate on producing high quality work

We'd love an opportunity to talk about how you and your career can flourish at First Actuarial.

# Genesis Analytics

---

Genesis is a leading impact and strategy consultancy and has worked in more than 100 countries globally. We are focussed on the Young World and we do work that matters!

In a world undergoing convulsive technological and political change, Genesis partners with key actors to deliver urgent, lasting impact in critical areas.

Genesis, an impact firm founded, incorporated, and headquartered in Africa, has worked in 46 African countries, and more than 100 countries globally. Uniquely, Genesis is focused on the Young World – the arc of countries with young populations stretching across Africa, the Middle East, South Asia, and parts of Southeast Asia.

By 2030, four in five children will be born in the Young World, making this region central to the future. With growing markets and young, productive populations, Young World countries have the most positive potential trajectory in the world. It is here that investments of all kinds will have the highest social and economic returns.

Our job at Genesis is to help societies, governments, and businesses across the Young World succeed at three fundamental historic transitions:

**Reconfiguring economies:** Creating income for large, rapidly urbanising youth cohorts within a global economy undergoing profound changes.

**A human transition:** A fundamental rethink of how societies, governments and markets can ensure the health and cognitive and social well-being of all those young people, including the most vulnerable.

**A just climate transition:** Both to decarbonise and to manage the human and economic impacts of a global crisis they did not cause.

To do this work, we are building a new type of impact firm.

## Newton

---

Do you want to make a meaningful impact?

At Newton we are a consultancy that helps organisations realise their strategic ambitions, translating them into real-world outcomes. Specialising in the defence, consumer and public sectors, we need exceptional graduates like you to create bold, fresh thinking.

The challenges our clients face are highly complex, but the seemingly impossible is where we thrive. You'll work hand-in-hand with our clients, going as deep as it takes to find answers. It's more than hitting numbers or ticking boxes but delivering meaningful, measurable impact.

As a graduate, you'll progress at pace, and there's no limit to unlocking your potential. At Newton, we're building a community of exceptional people, one built on trust and shared experiences, of challenge and adventure. Collaboration is key, from spending time away onsite to regular whole-company days to tackling projects together. We're currently looking for operations and digital graduate consultants. Roles are open to applicants from all degree disciplines and can be based anywhere in the UK as you'll need to travel to UK-wide project sites.

We bring together exceptional people who drive development, motivating individuals to become better versions of themselves. **It's never easy, but it's always rewarding.**

Our consultants will be at the careers fair and would love to talk to you about graduate job and internship opportunities at Newton. Come say hi for your chance to help us unlock complexity and win Deliveroo vouchers to take home.

**CONSULTING**

## Oxera Consulting LLP

---

We advise companies, policymakers, regulators and lawyers on any economic issue connected with competition, finance or regulation. We have been doing this for more than three decades, gathering deep and wide-ranging knowledge as we expand into new sectors. We have a reputation for credibility and integrity among those we advise, and among key decision-makers, such as policymakers, regulators and courts. Today we have offices in Amsterdam, Berlin, Brussels, London, Milan, Oxford, Paris and Rome, and are able to advise our international clients in a highly flexible way, including providing advice in several other languages.

Every question that we are asked is different, which is why one-size-fits-all analysis, however rigorous, is not enough. The insight we provide to our clients comes from never tiring of thinking harder each time; a continual readiness to use innovative approaches; and a realisation that you have to look beyond the narrow confines of any given subject to understand the bigger picture of which it is always a part. If you have a business-critical question about anything to do with competition, financial, regulatory or quantitative economics, we can provide a compelling answer.

## Oxford Alpha Fund

---

Founded in 2017, the Oxford Alpha Fund aims to be the premier student investment society in the United Kingdom, learning to produce superior risk-adjusted returns through fundamental equity research and quantitative strategies. Our platform provides a unique opportunity for driven students with a passion for the financial markets to hone their technical knowledge and practice researching – and pitching – investment ideas, while managing a real-money, student investment portfolio. We help train Oxford’s most budding and keen investors, often coming in with no prior experience, right from the outset. We deliver alpha for our long/short portfolio by producing thoughtful, rigorous fundamental research, supported by proprietary financial models built by our analysts. We adopt an Oxonian approach toward investing, prioritising academic rigour, first-principle thinking, and a deep-dive approach toward research. Every term, we pitch our best ideas to industry veterans for critique.

## RBB Economics

---

RBB Economics is an independent economics consultancy, focusing solely on competition law matters. We are one of the world's leading competition economics practices, with 14 offices globally. Our work concerns all aspects of competition economics including mergers and acquisitions, market investigations, abuses of dominance, vertical agreements, joint ventures and collusive practices. We provide high quality, professional, independent advice, through the application of the latest advances in economic theory and econometric techniques.

We practice real-world economic reasoning. We also work to uncover the complexities of markets rather than relying solely on theoretical models. Putting the evidence first is the only way to understand the complete competitive picture.

We ask questions, listen to the answers, and build relationships. In doing so we seek to identify the issues that matter to an industry. We take pride in making the complex simple to understand and explain.

We recruit all year round and are currently looking for exceptional, highly motivated economists to join the firm as Associates.

We also offer internships to undergraduate and postgraduate students are typically 3-6 months for candidates who are considering a career in competition economics once their studies are completed. These internships can be taken at any of our offices. They usually last three months during the summer but we are open to longer placements and other times of the year. On a number of occasions, these internships have resulted in permanent positions either at the conclusion of the placement or on completion of studies.

Rothesay is a UK insurance company purpose built to protect pensions. We are the largest specialist pension insurer in the UK, managing over £60bn of assets and securing pensions for over 930,000 people. We secure pensions for over 170 pension schemes and insurers including British Airways, Cadbury's, the Civil Aviation Authority & Co-operative Group.

At Rothesay, we are striving to transform our industry. We believe deeply in creating real security for the future and our leadership in finding new and better ways to do that is the key to our success. To do that, we need the very brightest original thinkers to bring creativity as well as rigour. Rothesay is a rewarding place to work, where quality people can thrive and prosper.
